About Telosa Review: Telosa Review is a forward-thinking company dedicated to providing insightful analysis and in-depth reviews in [specify industry, e.g., technology, finance, healthcare, etc.]. Our mission is to deliver valuable, actionable information to our clients and readers, enabling them to make informed decisions in a rapidly evolving market.

Key Responsibilities:

- Collaborate with the development team to design, develop, and maintain web applications.
- Write clean, efficient, and well-documented code.
- Participate in code reviews and contribute to team knowledge sharing.
- Troubleshoot and debug applications to ensure optimal performance.
- Assist in the integration of user-facing elements with server-side logic.
- Work closely with the design team to implement UI/UX designs.

Must-Have Skills:

- Proficiency in NodeJS and JavaScript.
- Strong knowledge of HTML and CSS.
- Experience with Angular or React.
- Familiarity with MySQL or PostgreSQL databases.
- Solid understanding of Data Structures and Algorithms.

Qualifications:

- Currently pursuing or recently completed a degree in Computer Science, Information Technology, or a related field.
- Strong problem-solving skills and attention to detail.
- Ability to work independently and as part of a team.
- Excellent communication and interpersonal skills.

What We Offer:

- Hands-on experience with real-world projects.
- Mentorship and guidance from experienced professionals.
- A collaborative and supportive work environment.
- Opportunities for growth and learning.

If you are passionate about web development and eager to learn, we would love to hear from you!
